Staff

See the library staff at your campus to setup an account.

E-books enable your library to be available 24/7 on the digital sphere.

The Edinburg High School Library offers a vast collection of e-books across multiple sites to ensure that its students and staff are covered for their personal, educational, and professional needs.

If you have any other questions, feel free to stop by the library.

Mobile Device App

Visit the App Store on your device.

Download the free app called
Destiny Discover

Launch the app and select Texas
then type your school:
Edinburg High School

Login using your EHS credentials.

Computer Access

Visit edinburg.follettdestiny.com on your
web browser.

Select **Edinburg High School**

Click "Login" at the top, right-hand
corner.

Login using your EHS credentials.

Checking out e-books

Once on the Destiny Discover app or
website, search our catalog to find reading
material that interests you.

Books vs E-Books

Items categorized as "**Books**" are physical
items that can be checked out by visiting our
library.

E-Books are categorized as "**Digital**" and can
be checked out on your browser or mobile
device app from anywhere.

Reading E-Books

Once you select a book, you have
two options:

- **Open** a book to browse through it during
your reading session. Once you close it,
the book will be accessible by others and
may not be available during your next
visit if someone else checks it out.
- **Checkout** a book to add it to your
personal account. For two weeks, access
to that book will be yours. Then, the book
will automatically check itself in.

Other E-Books

Abdo Digital and Rourke's E-Books offer
reading and learning tools in a wide range
of reading levels.

Available topics include biographies,
social studies, science, health, and more.
